THE PARTS ILLUSTRATIONS AND PARTS LISTS

GENERAL

This section contains the Parts Illustrations and the Parts List for each of the major assemblies in the Model FD4A-1D.

A *No Number* designation, when used in the Part Number Column indicates the unit is not available from SCOTSMAN as an assembly. This designation is used only for the convenience and clarity of division in cataloging.

HOW TO ORDER PARTS OR ASSEMBLIES

When ordering parts or assemblies, to avoid costly delays and errors in shipment, give the part number, the complete description shown in the list, and the quantities of each part or assembly required. Also include the model name, the serial number of the icemaker for which the part is required and for parts which require color matching, the color of the cabinet.

All part numbers have TEN DIGITS (spaces), required for use in the Computer System. BE SURE to fill in ALL SPACES in the CATALOG NUMBER column, on the parts order form.

Enter the QUANTITY of the parts ordered, in the last digit column under the QUANTITY column heading, the one under the small 55 number, for parts from 1 thru 9. For 10 or more parts use two columns.

To be sure you receive the proper parts in the proper quantities, ALWAYS use the PART NUMBERS and DESCRIPTIONS given in the Parts Manuals.

Write an order for the part. Use SCOTSMAN Parts Order Form (DN103). Be sure to include:

- ☐ Distributor Name.
- ☐ (Use for DROP-SHIP order ONLY.)
- ☐ Distributor Purchase Order Number.
- ☐ Carrier.
- ☐ How shipped (Truck, Rail, UPS, etc.)
- ☐ Date ordered.
- ☐ Part Catalog Number. (Use full TEN digits (spaces) listed in Parts Manual, including dashes between numbers.)
- ☐ Description - as listed in Parts Manual.
- ☐ Quantity - number of parts ordered. (Use far right column.)

WIRING DIAGRAMS

This section is provided as an aid in understanding the electrical circuitry of the flaker dispenser.

The wiring diagram in this Section is:
FD4A-1D 115/60/1

////////// WARNING //////////

When conducting a continuity check of the modular cuber:

1. Disconnect the main power source.
2. DO NOT use an incandescent lamp or jumper wire, conduct all tests with a volt-ohm-meter.

FD4 THE PARTS ILLUSTRATIONS AND PARTS LISTS

SINK EXTENSION KIT

A conversion for the FD4 dispenser to increase the distance between the discharge spout and the sink to twelve inches and to provide a faster sink drainage.

KDE1 — PAINTED

KDE1-SS — STAINLESS STEEL

ITEM NUMBER	PART NUMBER	DESCRIPTION
1	02-1828-00	Splash Plate
2	02-1701-00	Drain Grill
3	02-1699-00	Sink Assembly
4	A21538-000 A21538-001	Base Painted Base Stainless Steel

KWB1 WALL MOUNT KIT

An option to attach an FD4 to the wall.

COMPONENT DESCRIPTION

KWB1 WALL MOUNT KIT COMPONENT DESCRIPTION

KIT CONTENTS

1. **Top Case Hanger Bracket.** Attach to inside of frame of the dispenser.
2. **Top Wall Bracket.** Mounts to wall and engages top case hanger bracket to support dispenser.
3. **Bottom Wall Bracket.** Mounts to wall and supports bottom of dispenser.
4. **Bottom Fittings Cover.** Fastened to bottom wall bracket to conceal electrical and plumbing fittings from view.

(No Service Parts)
